

Project Initialization and Planning Phase

Brainstorming & Idea Prioritization Template

Date	29 September 2026
Team ID	SWTID-2026-6382
Project Name	Edu Genie – Google Gemini Powered Learning Assistant
Team Size	3
Team Leader	Padmini P
Team Members	Nithya Sri A; Pritha S
Maximum Marks	3 Marks

Step 1: Brainstorm and Idea Listing

Each team member lists possible solution ideas without judging them at this stage. The ideas are aligned with EduGenie and its goal of providing accessible, AI-powered academic assistance.

S.No	Team Member	Idea / Suggestion	Category	Group No.
1	Padmini P	Gemini-powered academic chatbot for instant student questions	Generative AI	1
2	Nithya Sri A	Upload PDF academic documents and automatically extract student result information	AI/ML + Document AI	1
3	Pritha S	Personalized learning support based on a student's academic information	Generative AI	2
4	Padmini P	Student dashboard showing documents, learning activity and academic information	Web Application	3
5	Nithya Sri A	Teacher dashboard for viewing students, subjects and academic information	Web Application	3
6	Pritha S	Secure student/teacher login and role-based access	Security + Web Application	4

Step 2: Idea Prioritization

The grouped ideas are rated using feasibility and importance. The selected concept combines the highest-value elements into one integrated educational assistant.

Group	Final Idea	Feasibility	Importance	Priority	Selected
1	Gemini-powered academic chatbot + personalized learning support	High	High	High	Yes
2	PDF academic document extraction + student result information	High	High	High	Yes
3	Student and teacher dashboards for academic information	Medium	High	Medium	Yes
4	Secure role-based authentication	High	High	High	Yes

Final Prioritized Concept: Edu Genie – a Google Gemini-powered learning assistant that provides conversational academic help, supports PDF-based academic data extraction, and presents relevant student/teacher information through secure dashboards.
